

# African Animals

Explore our Africa section to see some of the amazing animals that live there!

How many lions do we have here at Whipsnade Zoo?  
\_\_\_\_\_

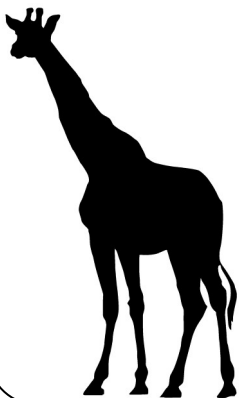

Can you spot our hippos? How many are there?  
\_\_\_\_\_

Match the rhyme to the picture of the African animal here at ZSL Whipsnade Zoo.

My body is Spotty,  
My legs are too!  
I can run really, really fast,  
But can you see me hiding in the grass?

I am a tall bird, but I cannot fly  
So you wont find me soaring in the sky.  
My feathery body and long legs  
Are better for running and sitting on eggs.

Giraffe

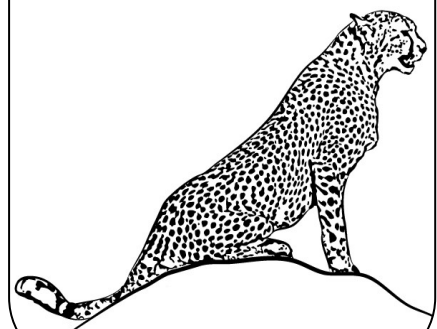

Ostrich

Meerkat

Cheetah

I am the tallest animal you will see  
So I can nibble at leaves from the very tops of trees.

In the sunshine I stand and stare  
Checking for something up in the air.  
Sleeping in burrows we call home,  
Searching for bugs, we like to roam.
